 - e) a workshop, and
 - f) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.
3. The term "permanent establishment" also encompasses a building site, a construction, assembly, installation or excavation project or supervisory activities in connection therewith, but only if they last for more than twelve months.
4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:
 - a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;
 - b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

provided that such activity or, in the case of subparagraph f), the overall activity of the fixed place of business, is of a preparatory or auxiliary character.

5. Paragraph 4 shall not apply to a fixed place of business that is used or maintained by an enterprise if the same enterprise or a closely related enterprise carries on business activities at the same place or at another place in the same Contracting State and

- a) that place or other place constitutes a permanent establishment for the enterprise or the closely related enterprise under the provisions of this Article, or
- b) the overall activity resulting from the combination of the activities carried on by the two enterprises at the same place, or by the same enterprise or closely related enterprises at the two places, is not of a preparatory or auxiliary character,

6. Notwithstanding the provisions of paragraphs 1 and 2 but subject to the provisions of paragraph 7, where a person is acting in a Contracting State on behalf of an enterprise and, in doing so, habitually concludes contracts, or habitually plays the principal role leading to the conclusion of contracts that are routinely concluded without material modification by the enterprise, and these contracts are

- a) in the name of the enterprise,
- b) for the transfer of the ownership of, or for the granting of the right to use, property owned by that enterprise or that the enterprise has the right to use, or
- c) for the provision of services by that enterprise,

that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business (other than a fixed place of business to which paragraph 5 would apply), would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

7. Paragraph 6 shall not apply where the person acting in a Contracting State on behalf of an enterprise of the other Contracting State carries on business in the first-mentioned State as an independent agent and acts for the enterprise in the ordinary course of that business. Where, however, a person acts exclusively or almost exclusively on behalf of one or more enterprises to which it is closely related, that person shall not be considered to be an independent agent within the meaning of this paragraph with respect to any such enterprise.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

ARTICLE 7

BUSINESS PROFITS

1. Profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits that are attributable to the permanent establishment in accordance with the provisions of paragraph 2 may be taxed in that other State.

2. For the purposes of this Article and Article 22, the profits that are attributable in each Contracting State to the permanent establishment referred to in paragraph 1 are the profits it might be expected to make, in particular in its dealings with other parts of the enterprise, if it were a separate and independent enterprise engaged in the same or similar activities under the same or similar conditions, taking into account the functions performed, assets used and risks assumed by the enterprise through the permanent establishment and through the other parts of the enterprise.
3. Where, in accordance with paragraph 2, a Contracting State adjusts the profits that are attributable to a permanent establishment of an enterprise of one of the Contracting States and taxes accordingly profits of the enterprise that have been charged to tax in the other State, the other State shall, to the extent necessary to eliminate double taxation on these profits, make an appropriate adjustment to the amount of the tax charged on those profits. In determining such adjustment, the competent authorities of the Contracting States shall if necessary consult each other.
4. Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

ARTICLE 8

INTERNATIONAL SHIPPING AND AIR TRANSPORT

1. Profits from the operation of ships or aircraft in international traffic shall be taxable only in the Contracting State in which the place of effective management of the enterprise is situated.
2. For the purpose of this Article, profits from the operation of ships or aircraft in international traffic shall include in particular:

 - b) profits from the leasing of ships or aircraft on a bare boat charter basis if such leasing activity is an ancillary activity for the enterprise engaged in international traffic;
 - c) profits from the leasing of containers if such leasing activity is an ancillary activity for the enterprise engaged in international traffic.
3. If the place of effective management of a shipping enterprise is aboard a ship, then it shall be deemed to be situated in the Contracting State in which the home harbour of the ship is situated, or, if there is no such home harbour, in the Contracting State of which the operator of the ship is a resident.
4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

ARTICLE 9

ASSOCIATED ENTERPRISES

1. Where

- a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or
- b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly - profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Convention and the competent authorities of the Contracting States shall if necessary consult each other.

ARTICLE 10

DIVIDENDS

- 1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.
- 2. However, dividends paid by a company which is a resident of a Contracting State may also be taxed in that State according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State, the tax so charged shall not exceed 15 per cent of the gross amount of the dividends.

Notwithstanding the preceding provisions of this paragraph, dividends shall not be taxed in the Contracting State of which the company paying the dividends is a resident if the beneficial owner of the dividends is:

- a) a company which is a resident of the other Contracting State and which holds shares representing directly at least 10 per cent of the capital of the company paying the dividends throughout a 365 day period that includes the day of the payment of the dividend (for the purpose of computing that period, no account shall be taken of changes of ownership that would directly result from a corporate reorganisation, such as a merger or divisive reorganisation, of the company that holds the shares or that pays the dividend);

- b) a recognised pension fund of the other Contracting State, provided that the shares or other rights in respect of which such dividends are paid are held for the purpose of an activity mentioned under paragraph 1, k) of Article 3.

This paragraph shall not affect the taxation of the company in respect of the profits out of which the dividends are paid.

- 3. The term "dividends" as used in this Article means income from shares, "jouissance" shares or "jouissance" rights, mining shares, founders' shares or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights and income paid in the form of interest which is subjected to the same taxation treatment as income from shares by the tax legislation of the State of which the paying company is a resident.
- 4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident through a permanent establishment situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
- 5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

ARTICLE 11

INTEREST

- 1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.
- 2. However, interest arising in a Contracting State may also be taxed in that State according to the laws of that State, but if the beneficial owner of the interest is a resident of the other Contracting State, the tax so charged shall not exceed 10 per cent of the gross amount of the interest.

 - a) interest paid in respect of a credit or loan of any nature granted or extended by an enterprise to another enterprise;

- 4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and

in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. However, the term "interest" shall not include for the purpose of this Article penalty charges for late payment or interest regarded as dividends under paragraph 3 of Article 10.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises through a permanent establishment situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case the provisions of Article 7 shall apply.
6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.
7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

In such case the provisions of Article 7 shall apply.
4. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the liability to pay the royalties was incurred, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.
5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or

information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

1. In the case of Kosovo:

- a) Where a resident of Kosovo derives income or owns capital which, in accordance with the provisions of this Convention, may be taxed in Belgium, Kosovo shall allow:
 - i) as a deduction from the tax on the income of that resident, an amount equal to the income tax paid in Belgium;
 - ii) as a deduction from the tax on the capital of that resident, an amount equal to the capital tax paid in Belgium.

Such deduction shall not, however, exceed that part of the Kosovo tax, as computed before the deduction is given, which is attributable, as the case may be, to the income or capital which may be taxed in Belgium.

- b) Where in accordance with any provision of the Convention income derived or capital owned by a resident of Kosovo is exempt from tax Kosovo, it may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, take into account the exempted income or capital.

2. In the case of Belgium :

- a) Where a resident of Belgium derives income, not being dividends, interest or royalties, or owns capital which may be taxed in Kosovo in accordance with the provisions of this Convention (except to the extent that these provisions allow taxation by that other State solely because the income is also income derived by a resident of that State or because the capital is also capital owned by a resident of that State), Belgium shall exempt such income or such capital from tax but only to the extent that such income or such capital is effectively taxed in Kosovo.
- b) Notwithstanding the provisions of subparagraph a) and any other provision of the Convention, Belgium shall, for the determination of the additional taxes established by Belgian municipalities and conurbations, take into account the earned income (*revenus professionnels – beroepsinkomsten*) that is exempted from tax in Belgium in accordance with subparagraph a). These additional taxes shall be calculated on the tax which would be payable in Belgium if the earned income in question had been derived from Belgian sources.

Where in accordance with any provision of the Convention income derived or capital owned by a resident of Belgium is exempted from tax in Belgium, Belgium may nevertheless, in calculating the amount of tax on the remaining income or capital of such resident, apply the rate of tax which would have been applicable if such income or capital had not been exempted.

- c) Dividends derived by a company which is a resident of Belgium from a company which is a resident of Kosovo shall be exempted from the corporate income tax in Belgium under the conditions and within the limits provided for in Belgian law.
- d) Subject to the provisions of Belgian law regarding the deduction from Belgian tax of taxes paid abroad, where a resident of Belgium derives items of his aggregate income for Belgian tax

purposes which are interest or royalties, the Kosovo tax charged on that income shall be allowed as a credit against Belgian tax relating to such income.

- e) Where, in accordance with Belgian law, losses incurred by an enterprise carried on by a resident of Belgium in a permanent establishment situated in Kosovo have been effectively deducted from the profits of that enterprise for its taxation in Belgium, the exemption provided for in sub-paragraph a) shall not apply in Belgium to the profits of other taxable periods attributable to that establishment to the extent that those profits have also been exempted from tax in Kosovo by reason of compensation for the said losses.

CHAPTER VI. - SPECIAL PROVISIONS

ARTICLE 23

NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.
2. Stateless persons who are residents of a Contracting State shall not be subjected in either Contracting State to any taxation or any requirement connected therewith, which is other or more burdensome than the taxation and connected requirements to which nationals of the State concerned in the same circumstances, in particular with respect to residence, are or may be subjected.
3. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.
4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, or paragraph 5 of Article 12, apply, interest, royalties and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State. Similarly, any debts of an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable capital of such enterprise, be deductible under the same conditions as if they had been contracted to a resident of the first-mentioned State.
5. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.

6. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

ARTICLE 24

MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Convention, he may, irrespective of the remedies provided by the domestic law of those States, present his case to the competent authority of either Contracting State. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of the Convention.
2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Convention. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.
3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of the Convention. They may also consult together for the elimination of double taxation in cases not provided for in the Convention.
4. The competent authorities of the Contracting States shall agree on administrative measures necessary to carry out the provisions of the Convention and particularly on the proofs to be furnished by residents of either Contracting State in order to benefit in the other State from the exemptions or reductions of tax provided for in the Convention.
5. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.
6. Where,
 - a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of the Convention, and
 - b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within two years from the date when all the information required by the competent authorities in order to address the case has been provided to both competent authorities,

any unresolved issues arising from the case shall be submitted to arbitration if the person so requests in writing. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been rendered by a court or administrative tribunal of either Contracting State. Unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision, that decision shall be binding on both Contracting States and shall be implemented notwithstanding any time limits in the domestic laws of these States. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

ARTICLE 25

EXCHANGE OF INFORMATION

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Convention or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to the Convention. The exchange of information is not restricted by Articles 1 and 2.
2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.
3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;
 - c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information, the disclosure of which would be contrary to public policy (ordre public).
4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.
5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, trust, foundation, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

ARTICLE 26

ASSISTANCE IN THE COLLECTION OF TAXES

1. The Contracting States shall lend assistance to each other in the collection of revenue claims. This assistance is not restricted by Articles 1 and 2. The competent authorities of the Contracting States may by mutual agreement settle the mode of application of this Article.
2. The term "revenue claim" as used in this Article means any amount owed in respect of taxes of every kind and description imposed on behalf of the Contracting States, or their political subdivisions or local authorities, insofar as the taxation thereunder is not contrary to this Convention or any other instrument to which the Contracting States are parties, together with interest, administrative penalties and costs of collection or conservancy related to such amount.
3. When a revenue claim of a Contracting State is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of collection by the competent authority of the other Contracting State. That revenue claim shall be collected by that other State in accordance with the provisions of its laws applicable to the enforcement and collection of its own taxes as if the revenue claim were a revenue claim of that other State.
4. When a revenue claim of a Contracting State is a claim in respect of which that State may, under its law, take measures of conservancy with a view to ensure its collection, that revenue claim shall, at the request of the competent authority of that State, be accepted for purposes of taking measures of conservancy by the competent authority of the other Contracting State. That other State shall take measures of conservancy in respect of that revenue claim in accordance with the provisions of its laws as if the revenue claim were a revenue claim of that other State even if, at the time when such measures are applied, the revenue claim is not enforceable in the first-mentioned State or is owed by a person who has a right to prevent its collection.
5. Notwithstanding the provisions of paragraphs 3 and 4, a revenue claim accepted by a Contracting State for purposes of paragraph 3 or 4 shall not, in that State, be subject to the time limits or accorded any priority applicable to a revenue claim under the laws of that State by reason of its nature as such. In addition, a revenue claim accepted by a Contracting State for the purposes of paragraph 3 or 4 shall not, in that State, have any priority applicable to that revenue claim under the laws of the other Contracting State.
6. Proceedings with respect to the existence, validity or amount of a revenue claim of a Contracting State shall not be brought before the courts or administrative bodies of the other Contracting State.
7. Where, at any time after a request has been made by a Contracting State under paragraph 3 or 4 and before the other Contracting State has collected and remitted the relevant revenue claim to the first-mentioned State, the relevant revenue claim ceases to be
 - a) in the case of a request under paragraph 3, a revenue claim of the first-mentioned State that is enforceable under the laws of that State and is owed by a person who, at that time, cannot, under the laws of that State, prevent its collection, or
 - b) in the case of a request under paragraph 4, a revenue claim of the first-mentioned State in respect of which that State may, under its laws, take measures of conservancy with a view to ensure its collection,

the competent authority of the first-mentioned State shall promptly notify the competent authority of the other State of that fact and, at the option of the other State, the first-mentioned State shall either suspend or withdraw its request.

8. In no case shall the provisions of this Article be construed so as to impose on a Contracting State the obligation:
 - a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;
 - b) to carry out measures which would be contrary to public policy (*ordre public*);
 - c) to provide assistance if the other Contracting State has not pursued all reasonable measures of collection or conservancy, as the case may be, available under its laws or administrative practice;
 - d) to provide assistance in those cases where the administrative burden for that State is clearly disproportionate to the benefit to be derived by the other Contracting State.

ARTICLE 27

MEMBERS OF DIPLOMATIC MISSIONS AND CONSULAR POSTS

1. Nothing in this Convention shall affect the fiscal privileges of members of diplomatic missions or consular posts under the general rules of international law or under the provisions of special agreements.
2. For the purposes of the Convention, persons who are members of diplomatic missions or consular posts of a Contracting State in the other Contracting State or in a third State and who are nationals of the sending State, shall be deemed to be residents of the sending State if they are subjected therein to the same obligations in respect of taxes on income and on capital as are residents of that State.
3. The Convention shall not apply to international organisations, to organs or officials thereof and to persons who are members of diplomatic missions or consular posts of a third State, being present in a Contracting State and not treated in either Contracting State as residents in respect of taxes on income or on capital.

ARTICLE 28

ENTITLEMENT TO BENEFITS

1. Notwithstanding the other provisions of this Convention, a benefit under this Convention shall not be granted in respect of an item of income or capital if it is reasonable to conclude, having regard to all relevant facts and circumstances, that obtaining that benefit was one of the principal purposes of any arrangement or transaction that resulted directly or indirectly in that benefit, unless it is established that granting that benefit in these circumstances would be in accordance with the object and purpose of the relevant provisions of this Convention.
2. Where a benefit under this Convention is denied to a person under paragraph 1, the competent authority of the Contracting State that would otherwise have granted this benefit shall nevertheless

treat that person as being entitled to this benefit, or to different benefits with respect to a specific item of income or capital, if such competent authority, upon request from that person and after consideration of the relevant facts and circumstances, determines that such benefits would have been granted in the absence of the transaction or arrangement referred to in paragraph 1. The competent authority of the Contracting State to which the request has been made will consult with the competent authority of the other State before rejecting a request made under this paragraph by a resident of that other State.

CHAPTER VII. - FINAL PROVISIONS

ARTICLE 29

ENTRY INTO FORCE

1. The Contracting States shall notify each other in writing, through diplomatic channels, that the procedures required by its law for the entry into force of this Convention have been satisfied. The Convention shall enter into force thirty days after the date of receipt of the last notification.
2. The provisions of the Convention shall have effect:
 - a) In the case of Kosovo:
 - i) in respect of taxes withheld at source, to income derived on or after January 1 of the taxable period next following the year in which the Convention enters into force;
 - ii) in respect of other taxes on income, and taxes on capital, to taxes chargeable for any taxable period beginning on or after January 1 of the year next following the year in which the Convention enters into force.

 - ii) with respect to other taxes on income, on income of taxable periods beginning on or after January 1 of the year next following the year in which the Convention entered into force;
 - iii) with respect to taxes on capital charged on elements of capital existing on or after January 1 of the year next following the year in which the Convention entered into force;
 - iv) with respect to other taxes, on taxes due in respect of taxable events taking place on or after January 1 of the year next following the year in which the Convention entered into force.
3. The Convention between the Social Federal Republic of Yugoslavia and the Kingdom of Belgium for the Avoidance of Double Taxation of income and capital, signed on 21st November 1980, shall cease to have effect in the relations between Kosovo and Belgium as regards the taxes to which the provisions of this Convention shall apply in accordance with the provisions of paragraph 2.

ARTICLE 30

TERMINATION

1. This Convention shall remain in force until terminated by a Contracting State. Either Contracting State may terminate the Convention, through diplomatic channels, by giving to the other Contracting State, written notice of termination not later than June 30 of any calendar year from the fifth year following that in which the Convention entered into force.
2. In the event of termination before July 1 of such year, the Convention shall cease to have effect:
 - a) In the case of Kosovo:
 - i) in respect of taxes withheld at source, to income derived on or after January 1 of the taxable period next following the year in which the notice of termination is given;
 - ii) in respect of other taxes on income, and taxes on capital, to taxes chargeable for any taxable period beginning on or after January 1 of the year next following the year in which the notice of termination is given.
 - b) In the case of Belgium:
 - i) with respect to taxes due at source, on income credited or payable on or after January 1 of the year next following the year in which the notice of termination is given;
 - ii) with respect to other taxes on income, on income of taxable periods beginning on or after January 1 of the year next following the year in which the notice of termination is given;
 - iii) with respect to taxes on capital charged on elements of capital existing on or after January 1 of the year next following the year in which the notice of termination is given;

PROTOCOL

At the moment of signing the Convention between the Kingdom of Belgium and the Republic of Kosovo for the elimination of double taxation with respect to taxes on income and on capital and for the prevention of tax evasion and avoidance, the undersigned have agreed upon the following provisions which shall form an integral part of the Convention.

1. Ad Article 3, paragraph 2:

The Convention shall be interpreted in good faith in accordance with the ordinary meaning to be given to the terms of the Convention in their context and in the light of its object and purpose.

In particular, in the interpretation of the provisions of the Convention which are identical or in substance similar to the provisions of the OECD Model Tax Convention, the tax administrations of the Contracting States shall follow the general principles of the Commentaries on the Articles of that Model Convention provided the Contracting States did not include in those Commentaries any observations or positions expressing a disagreement with those principles and to the extent the Contracting States do not agree on a divergent interpretation in the framework of Article 24.

2. Ad Article 4, paragraph 1:

It is understood that a person is "liable to tax" in a Contracting State where that person is subjected to the tax laws in force in that Contracting State even if, according to those laws, all or part of its income or capital is exempted from tax.

3. Ad Article 14, paragraphs 1 and 2:

It is understood that an employment is exercised in a Contracting State when the activity in respect of which the salaries, wages and other similar remuneration are paid, is effectively carried on in that State. The activity is effectively carried on in that State where the employee is physically present in that State for carrying on the activity, irrespective of the place in which the contract of employment was made, the residence of the employer or of the person paying the remuneration, the place or time of payment of the remuneration, or the place where the results of the employee's work are exploited. If an activity is effectively carried on in a Contracting State, only that part of the remuneration that is attributable to such activity may be taxed in that State.

4. Ad Article 20, paragraph 3, Article 21, paragraph 5 and Article 22, paragraph 2, a):

For the application of paragraph 3 of Article 20, paragraph 5 of Article 21 and paragraph 2, a) of Article 22, an item of income or an element of capital is effectively taxed in a Contracting State where such item of income or element of capital is subjected to tax in that Contracting State and does not benefit as such from an exemption from tax therein.

5. Ad Article 22, paragraph 2, a):

It is understood that the provisions of Article 22, paragraph 2, a), do not prevent Belgium from applying its domestic law ensuring a minimum level of taxation for enterprise groups, based on the global anti-base erosion model rules (pillar two) developed by the OECD/G20 Inclusive Framework.

6. Ad Article 24, paragraph 3:

It is understood that the second sentence of paragraph 3 of Article 24 does not allow the Contracting States to eliminate double taxation where the provision of such relief would contravene their respective domestic laws or the provisions of other applicable tax treaties.

IN WITNESS WHEREOF the undersigned, being duly authorised thereto by their respective Governments, have signed this Protocol.
